

WELCOME!

Current news from the road infrastructure in Estonia

Mini-seminar 16.11.23

Tarmo Trei

ESTICA - CURRENT SITUATION

- 48 + 3 + 20 = 71 members
- Turnover ca 700 MEUR (2022)
- Employees ca 2500 (2022)
- Approx. 96% of a/b mixtures in Estonia(2022)
- Members of the Board 2023-2026:
 - Indrek Pappel
 - Veiko Veskimäe
 - Andres Gailit
 - Tarvi Kliimask
 - Jüri Läll
 - Priit Kuldsaar
 - Marek Koit

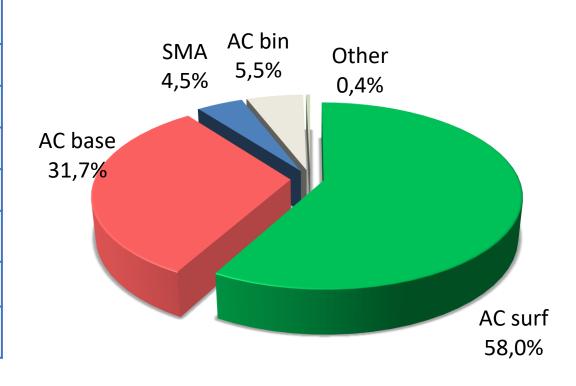

ASPHALT IN FIGURES 2022

PRODUCTION OF ASPHALT MIXTURES (2021 versus 2022)

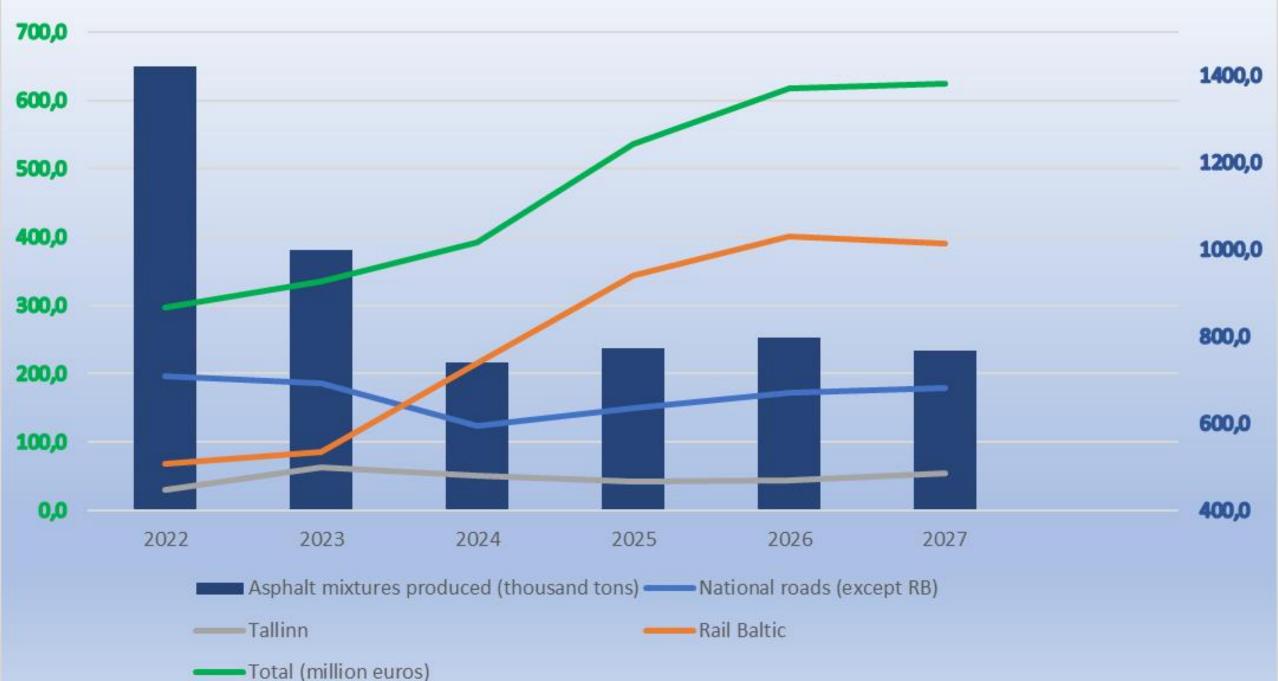

MIXTURE TYPE	TONS 2021	TONS 2022
AC surf	1 035 045	823 890
AC base	486 051	449 824
AC bin	95 410	77 620
SMA	67 105	63 645
Drainage asphalt	12 807	5 313
Mastix asphalt	125	13
In total	1 696 543	1 420 305

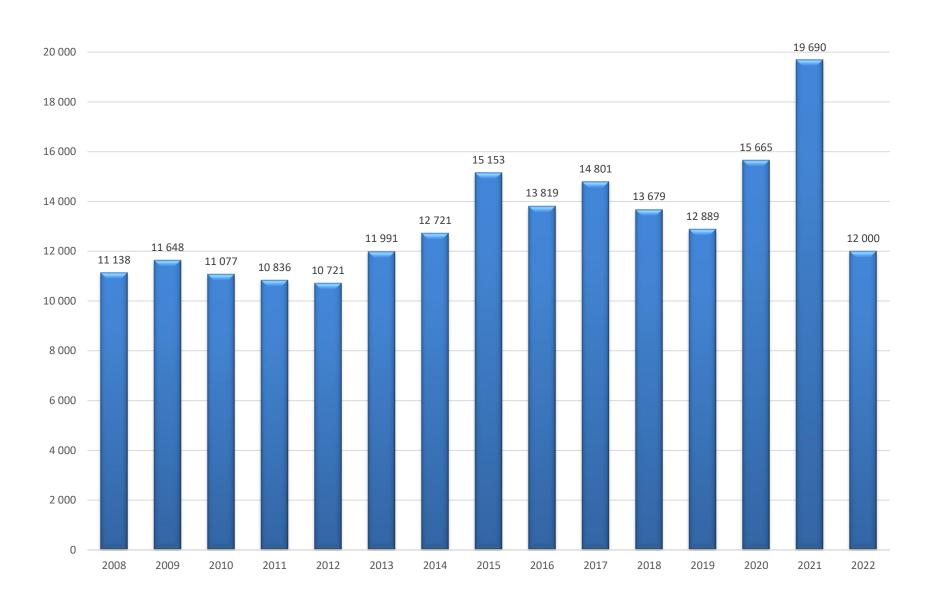

Asphalt mixtures were produced using recycled asphalt (RA)

Ca 162 th. tons

Investments in transport infrastructure

SURFACE DRESSING

Conferences, seminars, informational days

Organized by ESTICA, the biggest event of 2023 was the sectoral conference "Roadday", which took place on 2. november 2023 in Technical University.

Conferences, seminars, informational days

Infrastructure Construction Association as the qualification certificates provider

ESTICA has the right to award occupational qualifications in the period 06.12.2018 - 05.12.2028:

- * Road builder, level 4
- * Road engineer, level 6
- * Diploma road engineer, level 7
- * Authorized road engineer, level 8

In 2023, a total of more than 200 qualification certificates were issued to the applicants, of which 19 units at the 4'th level.

RECOGNITIONS OF THE INFRASTRUCTURE CONSTRUCTION ASSOCIATION

Aadu awards 2023

As part of the ESTICA conference 2023, the Transport Authority and the Infrastructure Association announced the winners of the road award named after engineer Aadu Lass for the sixth year in a row. In 2023, Enn Raadik received the Aadu Lass lifetime achievement award and Taavi Tonts received the engineering award.

ESTICA recognitions

As part of the conference "Roadday", ESTICA also handed over its letter of thanks and a commemorative medal for contributing to the activities of the Association to Eva Äkke and Tarvi Kliimask from Verston.

GOVERNMENT RELATIONS AND COMMUNICATION

Reflections

Taristuehitajad näevad teedevõrgu ohtliku aları süvenemist

Foto on flustreeriy.

* Riigil ei jagu teede parandamiseks raha, suveks s

Taristuehituse liit ja Transpordiamet pidasid viimase paari kuu jooksul arutelusid leidmaks lahendust sõjamõjude leevendamisele teede-ehitajate jaoks, kuid riik otsustas ühepoolselt jätta siiski enamiku kasvanud kuludest töövõtjate kanda. Arvestades ka kümnete tee-ehitusprojektide edasilükkamist, süveneb Eesti teedevõrgu ohtlik ja konkurentsivõimet kahjustav alarahastus

maanteede nigelatest olukordadest, kuid miski ei muutu(2)

Taristuehitajad: uus valitsus jätab tee-ehituse vaeslapse ossa

Teehoiu valdkonnas tegutsevaid ettevõtteid koondav Eesti Taristuehituse Liit tõdeb, et Eesti tuleviku ja arengu mõttes nii oluline valdkond nagu teedeehitus on uues koalitsioonilepingus

Riik tellis tee-ehitused, aga raha maksta enam ei ole. Ehitajad kaaluvad kohtusse minekut (110)

Teede ehitamine ja remont on läinud oluliselt kallimaks, aga riigil selle kõige kompenseerimiseks raha pole. Ehitajatele pakutakse piskut, millega leppides nad juurde küsida enam ei saa. Mõned ettevõtjad kaaluvad

alitsus on teehoiuraha nii am võimalik teid praeguses seisus

FINANCING

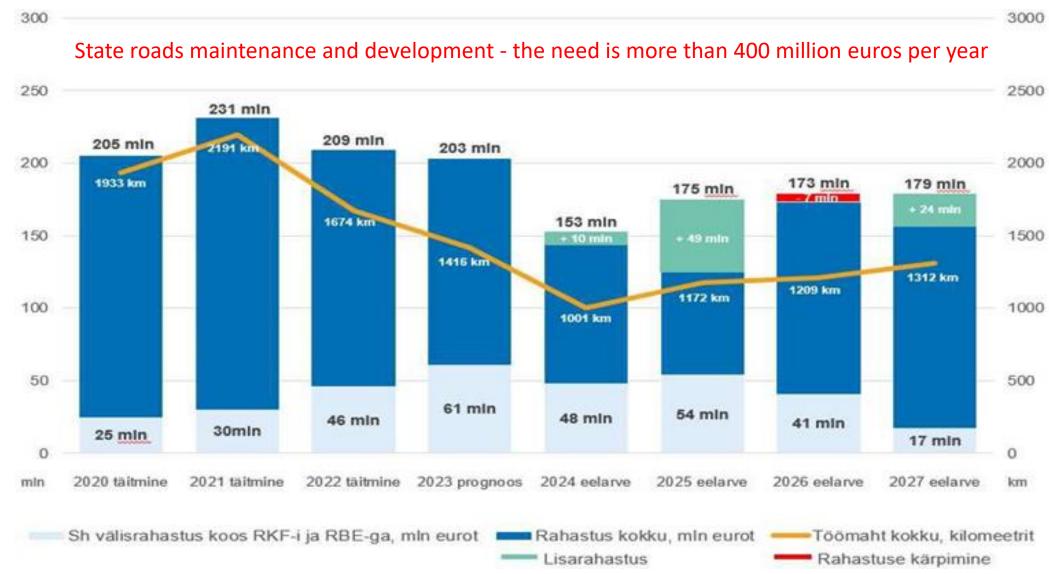

Estonian road network

Total length of the Estonian road network		
Road type	Kilometers (km)	
National roads	16,969 km	
incl. main roads	1,603 km	
basic roads	2,407 km	
secondary roads and other national roads	12,528 km	
connecting roads	147 km	
Local roads	23,614 km	
incl. highways	17,507 km	
streets	5,311 km	
walkways and cycle tracks	796 km	
Private and forest roads*	48,799 km	
A total of	89,382 km	

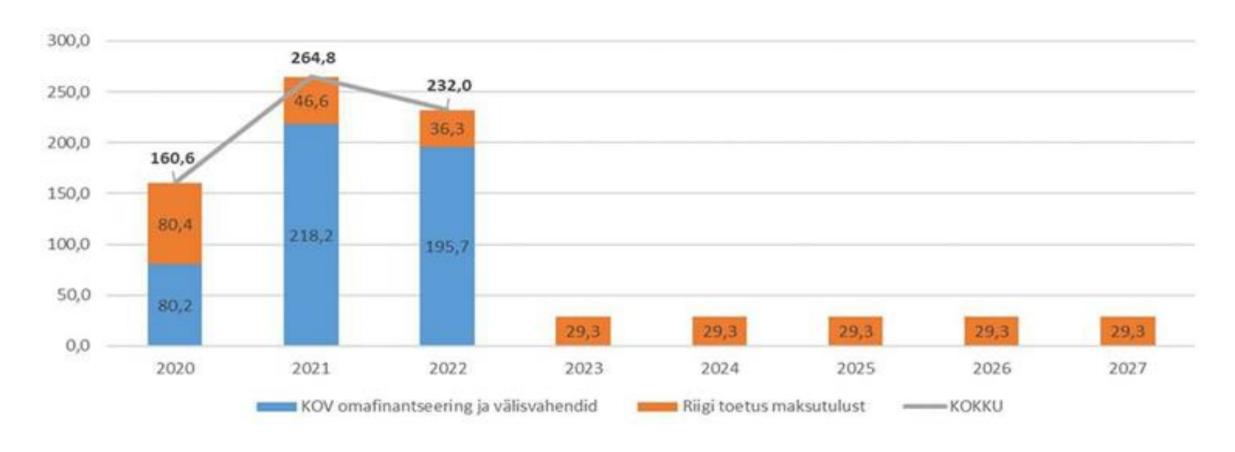

^{* 01.01.2023} data of Statistics Estonia

Financing of national roads

Financing of local government roads

Local government roads maintenance and development - the need is more than 300 million euros per year

THANK YOU!
